Secondary Course: Home Science
Lesson 14: Introduction to Resources
Worksheet -14

1. Identify the resources you see around yourself in the room you are sitting in?
2. List the resources that are owned, possessed and bought by you? Further classify them into the different type of resources.
3. We all have 24 hours in a day, but different people are able to accomplish different tasks in the same time. Why do you think it is so?
4. You have to plan a trip with your family members. Identify the tasks that you would be required to do for it and classify them into different steps of management process.
5. Write any four ways by which we can maximise satisfaction.
6. Classify the following resources and match them to the steps in management process.
 Four hours, raw material, salary, skills in packaging, marketing attitude, feedbackforms, product sales, delegating and assigning work, checking the progress of work
7. Find three human resources and five material resources in the wordsearch below. Mark the two types of resources with different colours.

S	K	I	L	L	I	A	G	T
L	M	C	L	O	T	H	D	I
R	O	F	N	B	R	K	E	M
K	N	O	W	L	E	D	G	E
Q	E	O	A	V	E	P	W	F
U	Y	D	T	G	H	O	O	D
F	R	E	E	J	K	L	Y	S
H	Y	I	R	H	O	U	S	E

8. We all have some goals in our life. Name any five goals that you have and the resources that you need to fulfil those goals.
9. Imagine a world without human resources, explain? What would it be like?
10. Which resource according to you is the most important, give two reasons to justify your answer?
