

Notes

Practical-5

Reset your browser by clearing browsing history/data from the browser.

Objective

After completion of this practical you will be able to delete browsing history from browser.

Pre-requisite

- You should be able to use Computer/Laptop.
- You should have knowledge of Internet and browser.

Procedure

- Make sure your computer is “On” and Internet service is enabled there.
- Open any web browser (i.e. Internet Explorer).
- Click tools in the upper right hand corner.
- Select internet options from drop down menu.
- On the general tab, in the browsing history section, click delete button.
- Check the boxes of data, you would like to clear.
- Click delete.
- Close the browser.
- Now your browser history cleared.

Do's and Don'ts

- If you want to delete selected time period's browsing history then choose appropriate time period (i.e. last 1 hour).
